Product Description

Electric Mini Fuel Station for Gasoline C1 Compact and Fueling Solution

Product Description:

The Mini Fuel Station is equipped with an automatic nozzle, which makes fueling up quick and easy. No more fumbling around with manual nozzles or worrying about spills - the automatic nozzle ensures a smooth and clean fueling experience every time. With a flow rate of 40-60 liters per minute, you can fill up your vehicle or equipment quickly and efficiently.

The Mini Fuel Station also comes with a 6-foot hose, giving you plenty of reach to fuel up even the largest vehicles. And with its electric power source, you can use this mini fuel station anywhere there is an electrical outlet. No need to worry about finding a gas station or lugging around heavy gas cans - the Mini Fuel Station is the ultimate mobile gas station.

Whether you're a contractor who needs to fill up equipment on the job site, or an outdoor enthusiast who wants to fuel up a generator or ATV while camping, the Mini Fuel Station is the perfect solution. Its compact size and ease of use make it a must-have for anyone who needs a mobile gas station. So why wait? Order your Mini Fuel Station today and experience the convenience of having a gas station wherever you go.

Applications:

One of the key benefits of the Virette C1 is its compact size. This mini fuel station is small enough to fit in a variety of locations, making it ideal for gas stations, convenience stores, parking lots, and other public spaces. It can also be used in private settings, such as residential garages and warehouses. The C1 is designed to be easy to install and operate, with simple controls and a user-friendly interface.

The Virette C1 Mini Fuel Station is also highly reliable. It is built to withstand the rigors of daily use, with high-quality components and a durable construction. The C1 is UL Listed and CSA Certified, so you can be confident in its safety and performance. And with a price range of 1000-5000USD, the C1 is an affordable option for businesses and individuals alike.

Delivery time for the Virette C1 is only 20 days, so you won't have to wait long to start using your new mini fuel station. The C1 is available in white, making it a versatile addition to any setting. Whether you're looking for a mini fuel station for your business or personal use, the Virette C1 is an excellent choice.

Some of the occasions and scenarios where the Virette C1 Mini Fuel Station can be used include:

Gas stations and convenience stores

Parking lots and garages

Fleet management for businesses

Construction sites and other outdoor work sites

Private settings, such as residential garages and warehouses

Emergency backup fuel supply

Overall, the Virette C1 Mini Fuel Station is a versatile, reliable, and affordable solution for anyone in need of a mini gas station. With its compact size, high-quality construction, and user-friendly interface, the C1 is an excellent choice for a wide range of applications.
