

20MPa Natural Gas Fuel Pump CNG Fill Up Machine For Seamless Fueling

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Delivery Time: 20 - 30 days

Product Specification

- Power Supply: AC 220V/50Hz
- Flow Rate: 15-25L/min
- Accuracy: $\pm 0.5\%$
- Model: CD-100
- Display: LCD
- Nozzle: Single Or Dual
- Working Pressure: 20MPa
- Communication Interface: RS485/RS232
- Highlight: **20MPa Natural Gas Fuel Pump,
20MPa CNG Fill Up Machine,
Seamless Fueling Natural Gas Fuel Pump**

Product Description

20MPa High Pressure Natural Gas Fuel Pump, Cng Fill Up Machine, for Seamless Fueling

Product Description:

Designed to withstand extreme temperatures ranging from -25 to +55, this CNG Gas Dispenser can perform in almost any climate. It comes equipped with an LCD display, making it easy to read and operate.

The CD-100 model is available with both single and dual nozzle options, providing flexibility and convenience for any CNG refueling station. And with a power supply of AC 220V/50Hz, you can trust that this CNG Fill-Up Machine will deliver consistent and reliable performance.

Whether you're looking to refuel your personal CNG vehicle or manage a larger fleet, the CD-100 CNG Refueling Machine is the ideal choice. With its sturdy construction and user-friendly design, this CNG Gas Dispenser is sure to meet all your refueling needs.

Features:

Product Name: Compressed Natural Gas Dispenser

Humidity Range: ≤95%

Flow Rate: 15-25L/min

Nozzle: Single Or Dual

Working Pressure: 20MPa

Total Price Range: 0.01-999999.99

Technical Parameters:

Product	CNG Fill-Up Machine
Humidity Range	≤95%
Flow Rate	15-25L/min
Nozzle	Single Or Dual
Temperature Range	-25 To +55
Total Price Range	0.01-999999.99
Accuracy	±0.5%
Working Pressure	20MPa
Display	LCD
Unit Price Range	0.01-99.99
Hose Length	4m

Applications:

The Virette CNG Gas Dispenser comes with a 4m hose length, which makes it convenient for users to fill up their vehicles without having to move around too much. It also has a power supply of AC 220V/50Hz, which means that it can be used in most places without any issues. With a flow rate of 15-25L/min, this CNG fill-up machine can quickly and efficiently fill up any CNG-powered vehicle.

One of the key features of the Virette CNG Gas Dispenser is its communication interface, which is either RS485 or RS232. This means that users can easily connect the dispenser to other devices or systems, making it an ideal choice for industrial or commercial settings. The dispenser also comes with a single or dual nozzle, depending on the user's preference and requirements.

The Virette CNG Gas Dispenser is perfect for a variety of application occasions and scenarios. For example, it can be used in gas stations or fueling centers, where CNG-powered vehicles can quickly and easily fill up their tanks. It can also be used in industrial or commercial settings, where a reliable and efficient natural gas fuel pump is needed to power equipment or machinery.

Overall, the Virette CNG Gas Dispenser is a versatile and reliable product that is perfect for anyone in need of a high-quality CNG fill-up machine. With its top-of-the-line features and specifications, this natural gas fuel pump is sure to meet the needs and requirements of any user, no matter what their application occasion or scenario may be.

Customization:

Customize your Virette CNG Refueling Machine to fit your specific needs with our product customization services. Our Natural Gas Fuel Pump is made in China and has a delivery time of 20 - 30 days. It can operate in temperatures ranging from -25 to +55 and has a hose length of 4m. The Power Supply is AC 220V/50Hz and the Flow Rate is 15-25L/min. With a Total Price Range of 0.01-999999.99, you can tailor your CNG Distribution Pump to meet your budget and requirements.

Packing and Shipping:

Our CNG gas dispenser product comes in a sturdy cardboard box to ensure safe and secure delivery to your doorstep. The product is carefully packed with bubble wrap to avoid any damage during transit.

We offer free shipping for our CNG gas dispenser product to all locations within the United States. Orders are processed within 24 hours and typically take 3-7 business days to arrive. For expedited shipping, please contact our customer service team. We also offer international shipping for an additional fee.
